Living  
Plus Line

A boat built on a dedicated design by boatbuilder and with its own equipment, it inaugurates a series of models that aim to present an innovative vision of the spaces on board the dinghy. The careful engineering study has made it possible to integrate living spaces at bow and stern in a 6m hull, with two V and U-shaped lounges respectively, which can be transformed into sunbathing areas, normally only found in much larger boats. The console and backrest seat has modern and extremely functional lines. The Plus version is characterised by the tubular three-colour version, valuable cushions and extra accessories included. Proposed in package with Selva engines, it is the ideal boat to be coupled with our XSR range.

**SELVA S.p.A.**

**Head office and main factory:**

Viale dell'Industria, 13 - 23037 Tirano (SO) Italia  
Tel. 0342 702451 - Fax 0342 705361
